Objective

To provide classified cyber security support while continuing in a federal agency.

Education

BS in Information Science – University of Arkansas Little Rock – GPA 3.0 (Expected graduation: May 2021)

Associates in Applied - Community College of the Air Force – February 2018

Experience

Information System Security Officer, Arkansas Air National Guard, 189th Airlift Wing
February 2016 - Current

- Serves as a systems administrator responsible for planning, coordinating, modifying, implementing, and troubleshooting in order to meet customer needs.
- Administration of all systems, including a myriad of associated hardware platforms, software applications and numerous interfaces included in the Local Area Network (LAN).
- Serves as a technical expert on multiple operating systems, computer platforms and classification networks. Determines equipment and communications requirements and interfaces with other systems. Evaluates machine usage and develops plans for the necessary acquisition to support future automation (hardware and software) requirements.
- Analyzes, evaluates, and recommends hardware/software changes to various computer systems. Considers factors such as compatibility with standard systems, conversion or implementation costs, and impact on existing equipment. Installs, configures and tests products and equipment being reviewed.
- Develops guidelines, standard operating procedures (SOPs), bulletins and flyers regarding the operation/use of assigned systems, services, and activities. Analyzes policies, regulations, and system provisions governing standard operating systems and provides assistance and advisory services to users.
- Implements systems software changes, operating system releases and maintains the operational status of systems. Coordinates with system developers resolving hardware and/or software malfunctions.
- Performs security management in accordance with National Guard Bureau (NGB) and Air National Guard (ANG) regulations and policies. Reviews and implements local policies regarding system access, network rights, and physical access to systems and equipment.

Special Security Officer (SSO), Arkansas Air National Guard, 189th Airlift Wing
February 2018 – August 2018

- Managed day-to-day operations of the Sensitive Compartmented Information Facility (SCIF) and all SCI functions.
